Sofia Martinez

Senior Frontend Engineer

sofia.martinez@mail.com | San Francisco, CA | github.com/sofiamartinez

Profil

Senior frontend engineer with 7 years building large-scale React applications. Expert in TypeScript, performance optimization and design systems.

Compétences

React - TypeScript - Tailwind CSS - Next.js - Redux - JavaScript - HTML - CSS - Jest - REST API - GraphQL - CI/CD - Webpack - Accessibility

Expérience professionnelle

Senior Frontend Engineer - Stripe

2021 - 2026

Led the migration of the dashboard to React + TypeScript, improving load time by 40%. Built a reusable component library with Tailwind CSS used by 30+ engineers. Set up CI/CD and end-to-end tests with Jest and Playwright.

Frontend Engineer - Airbnb

2019 - 2021

Developed responsive React interfaces consuming REST and GraphQL APIs. Improved accessibility (WCAG) and Core Web Vitals across the booking flow.

Formation

M.Sc. Computer Science, Stanford University
